CUA ta ratifica nan preocupacionnan pa cu introduccion di BTW

For di momento cu Gobierno di Aruba a anuncia e futuro introduccion di BTW, diferente gremio a vocifera nan preocupacion pa cu esaki. Recientemente durante un conferencia di prensa e organisacion representando e gremio comercial, Comerciante Uni Aruba (CUA) a bolbe expresa nan preocupacion pa cu e posibel introduccion di BTW y con esaki lo afecta e gremio di comercio.

Francis Saladin, vice presidente di CUA, a indica cu e idea di BTW ta un idea bon y como comerciante nan ta di acuerdo cu BTW. Pero loke nan no ta di acuerdo cune ta con e ta wordo implementa, e porcentahe cu ta wordo usa y e momento cu e ta wordo implementa.

Saladin a remarca cu e conclusion di CUA ta cu BTW ta un concepto bon cu como comerciante nan ta di acuerdo, pero e problema principal cu nan tin cu BTW ta e tarifa di esaki. CUA y otro gremionan a bin cu e proposicion di un sistema di un tarifa di BTW di 10% maximo, pa tur cos, en bes di dos diferente tarifa y asina duna comercio tambe un oportunidad pa prepara pa implement'e.

“Pero si bo ta bin cu un BTW di 6% y 14% cada rato bo ta kita mas di pueblo, y ami por disfruta di mi entrada sin mester di mal gasta door di maneho malo di gobierno bo ta impacta nos bida y nos comercio directamente”, Saladin a agrega.

Di mesun manera, Frans

Ponson, presidente di CUA, a ratifica cu BTW no ta algo malo. El a splica cu esaki lo yuda cu cumplimento, locual ta bay trece mas placa den caha di gobierno cu nan no ta contando riba dje. Pero segun Ponson ta subraya y manera CUA a yega di menciona caba, BTW ta un sistema cu niun comerciante na Aruba a traha cune y no ta algo cu por wordo implementa den dos of tres luna. “BBO mes cu tin mas cu 15 aña cu a implement'e, ainda tin comerciante cu ta hacie malo”, el a señala.

Gobierno di Aruba a indica cu nan kier implementa BTW na final di aña, pues entrante

1 di januari 2023 y na esaki CUA a responde cu a esey ta imposibel. El a enfatisa cu nan ta pro BTW pero nan kier pa e wordo implementa di e manera corecto.

El a recorda cu den pasado Comerciante Uni Aruba ta un di esunnan cu a vocifera nan opinion pa no hinca BBO den e prijs y aworaki esey por presenta otro problema. Ponson a splica cu hopi comerciante na Aruba, no tur comerciante el a enfatisa, cu tin BBO den prijs hinca caba, na momento cu BTW wordo introduci nan lo djis pone e BTW riba dje. “Pero esey ta pasa pasobra nan no ta scucha di nos y implementa e BTW

no ta facil”, el a remarca.

Ponson a comenta tambe cu den ultimo tempo nan no a tende ningun novedad ariba e introduccion di BTW, pero el a remarca cu nan no ta imagina cu gobierno ta bay implementa esaki entrante 1 di januari 2023. El a subraya cu si gobierno implementa BTW toch, manera el a menciona caba, lo tin e comerciante cu ta cana e caminda bon y ta bay haciele manera debe ser, pero tin tambe e 80% cu no lo hacie di e manera corecto.

“Nos mester stop di traha asina. Tur hende ta implementa algo of no. Mi no ta kere personalmente cu dia 1 di januari e lo bin, por ta e lo bin toch pero lo ta jammer si bo implement'e tur bruha y mitar di e comerciantenan no ta bay hacie bon toch”, el a agrega.

Ponson a indica tambe cu CUA no a reuni cu Minister di Economia ainda ariba e topico aki, pero segun informacion cu nan a ricibi, Minister di Economia ta haciendo un estudio ariba e inflacion cu BTW lo trece y segun nan a compronde e estudio no ta cla ainda.

El a comenta tambe cu nan no a papia cu niun hende di gobierno mes, informacion cu tin tocante e tema ta pa medio di e presentacion cu e gremionan a ricibi for di DIMP, pero for di gobierno

mes, nan no a haya e detaye di e topico aki.

Durante su conferencia di prensa dialuna ultimo, Minister di Economia, Comunicacion y Desaroyo Sostenibel, Geoffrey Wever, a responde pregunta di prensa tocante e estudio ariba e inflacion cu BTW lo trece cu Ponson tambe a menciona. Minister Wever indica cu el a ricibi un update for di e profesor internacional cu ta yudando Aruba cu e topico aki. Pues e prome reportahe ta cla y ta planeando un presentacion e siman aki. E minister a sigura cu ora cu ta asina leu lo comparti e impacto di e estudio ey cu comunidad.

Pa loke ta e decision ariba e fecha di introduccion di BTW, si e ta di acuerdo cu esaki of no, Minister Wever a remarca cu e decision pa introduci BTW ta un decision di gobierno y esey ta nifica cu si e wordo introduci entrante 1 di januari 2023 e ta un decision cu e ta para su tras y si e no wordo introduci, tambe.

“E ta un decision cu nos cada un como minister mester ta di acuerdo cune. Nos ta colectivamente responsabel, pero tambe individualmente responsabel. Si nos dicidi di introducie nos lo mester para pa e consecuencianan di esey, pero nos no ta asina leu pasobra nos ta bezig cu e calculonan y combersacionnan ta andando ainda”, el a bisa.

Wit Gele Kruis:

‘Mas hende jong sufriendo di malesa cronico pa motibo di mal estilo di bida’

Director di Wit Gele Kruis, Gino Goeloe ta remarca cu edad di hobennan cu ta sufriendo awendia di malesanan cronico ta birando cada bes mas y mas jong. Esaki ta pa motibo segun Sr. Goeloe, e estilo di bida di e hobennan, enfatisando cu a yega ora pa Aruba bin cu un plan di prevencion.

E situacion ta asina alarmante cu bo ta haya por ehempel hobennan adulto di 20 aña cu ya caba ta sufri di presion

halto of sucu halto. “Esaki ta bay cu bo estilo di bida,” segun Sr. Goeloe. Ora cu mester analisa e estilo di bida di hopi di e hobennan aki, bo ta mira cu hopi ta come demasiado ‘fast food’ y no ta cushina na cas. Nan ta consumi hopi cuminda di caya cu ta consisti di hopi vet y sucu, hopi salo tambe, y tur esaki ta e combinacion di mas malo cu tin. “Nos pueblo ta sobrepeso, obeso, den e caso aki mester bay baha peso pasobra si nos sigui subi peso bo lo mira mas chens di bira diabetico.

Hopi hende no ta pensa cu peso ta bay cu sucu,” segun Sr. Goeloe.

Ora bo bira diabetico bo adernan ta cera, bo ta haya bo mes confronta cu tur sorto di malesa, bo wowo ta bay atras, bo nier ta bay atras, anto esey ta e consecuencia di sobre peso y obesidad.

‘Prevencion ta solucion’ Mester bay enfoca mas den prevencion segun Wit Gele Kruis, pa cuminsa conscientisa pa come mas saludabel

y pone mas berdura den bo cuminda por ehempel, come mas fruta, bebe 7 glas di awa pa dia y cosnan asina.

“Tambe mester zorg pa tin cuminda mas balansa, si por mas cuminda manera carni blanco, galiña cu pisca, tambe ehercicio y movicion ta importante. E parti di drumimento ta esencial, 7 pa 8 ora pa dia ta loke ta suficiente pasobra bo curpa mester su sosiego. Drumí 4 of 5 ora no ta suficiente,” Sr. Goeloe ta comenta.

Awor cu tin temporada di calor, ta esencial pa bebe hopi awa y no bay hopi den solo, haci bo movicion parti mainta of atardi ora solo ta menos. “Bo curpa ta traha pa move, mey ora of 45 minuut pa dia, nos tin cu move.”

Wit Gele Kruis ta bati alarma cu si sigui e manera cu nos ta bay, AZV lo bira impagabel, nos ta riba 500 miyon pa aña uzando di e placa di belasting, esey ta algo cu prevencion so por solucion pa baha e peso di AZV.

Minister Glenbert Croes:

Ta bay dialoga cu gobierno Mericano riba opcion pa cumpra HFO di origen Venezolano

Recientemente, minister di Labor, Integracion y Energia, Glenbert Croes a reuni cu gremionan comercial. Den declaracionnan comparti riba su pagina di Facebook, e minister a destaca desaroyonan relaciona cu prijs di coriente y awa.

Minister Croes a cuminsa gradiciendo Camara di Comercio (KvK), ATIA, AHATA y CUA pa nan iniciativa di dialogo.

Tambe a gradici WEB, Elmar y Utilities “pa ta, como empresa di gobierno, di pueblo, di estado, habri pa duna tur informacion”.

Croes a indica cu ta “fastioso” e situacion cu mester a aumenta prijs di awa cu coriente, sinembargo, a indica cu mirando desaroyonan den mercado, cu e aumento aki tabata temporal. “Nos ta premira cu e prijsnan di awa

y coriente lo baha back, dunaando espacio claro na WEB y Elmar pa recupera un poco di e sla cu nan a haya door di absorbe e aumentonan [di prijs di petroleo] durante siete luna.” Croes a bisa cu ta compronde cu e empresanan estatal aki a yega na e limite di loke nan por absorbe, y cu

mester busca e balans, pasobra pueblo y economia di Aruba ta bay paga esaki.

“Den e seis luna di evaluacion aki riba e futuro structura di tarifa, Dios mediante compana pa prijs di petroleo hopi miho unda cu lo por reduci esaki pa nos comunidad.”

Minister Glenbert Croes tambe a anuncia cu ta bay tuma contacto cu Merca pa sondea e posibilidad pa por cumpra Heavy Fuel Oil for di Venezuela.

“Tambe mi a duna nan e noticia cu proximamente mi ta bayendo cu gobierno di

Merca, pa nos pidi gobierno di Merca, OFAC y Departamento di Energia di Merca e aprobacion pa nos por cumpra Heavy Fuel Oil (HFO) cu WEB ta usa di origen di nos bisiñanan, especificamente di Venezuela. Pasobra na e momento nos ta pagando prijs di HFO caro, otro islanan den Caribe ta cumprando HFO por ehemplo di origen Venezolano hopi mas barata.”

El a indica cu e descuento aki por traduci pa pueblo, pa comunidad, y esey ta un esfuerco cu gobierno ta haciendo.

P’esey ta bay pidi OFAC pa “den interes di Aruba, den interes di nos economia, den interes di nos pueblo, den interes di baha prijs di awa cu coriente, permiti nos cumpra HFO di origen Venezolano pa nos por baha prijs di awa cu coriente na Aruba. E ta den interes general”, Croes a splica.

Trump den problema pa documento...

Y na Aruba...?

E siman aki ta sucediendo cosnan na nivel politico y hudicial na Merca, cu ta yama atencion na gran parti di mundo. Como pais importante pa nos tambe, ta bon pa presta atencion na loke ta pasando aya, pasobra nos por siña di esey.

Pa promer biaha den historia di Estadonan Uni, autoridadnan hudicial a haya ta necesario pa invadi hogar di un ex-presidente Mericano, en busca di material relaciona cu un caso hudicial, cu por ta involucra e ex-presidente y/o otro persona. For di declaracion di e politico y su famia mes a resulta cu esaki lo ta relaciona cu documento propiedad di e pais, incluyendo material altamente confidencial, cu Trump lo a tene atras y a hiba na su residencia. Mas tempran e aña aki el a debolbe cierto material na e Archivo Nacional, pero aparentemente no tur cos, loke a hiba autoridadnan na e decision pa bin busca e faltante documentonan cu lo tabata ainda den poder di e ex-mandatario.

Inmediatamente e dos bandanan politico di e pais, altamente dividi, a cuminsa intercambia opinion candente, na favor o contra e politico. Cu e tipo di intercambio di opinion aki casi nunca ta sobresali den uso di comentario sensato, a resulta den e caso aki tambe. E ta haci nos corda e casonan cu nos a experimenta den e ultimo añanan aki mes, unda te awor tres (ex-)ministro a keda confronta cu accion hudicial, tocante crimen cometi durante nan funcionamiento como mandatario, y como agravante siendo lider di un organizacion criminal. Aki tambe a inicia inmediatamente un cacofonia di comentario, bastante carente di conocimiento di e materia, y cu un exceso di emocion. Scucha y evalua e opinionnan aki no ta clarifica nada, ta importante mantene cabez friu y analiza pa bo mes.

Pa cuminsa, ta facil pa esnan cu ta apoya un politico den un situacion asina bisa cu ta 'persecucion politico'. Y si acaso e politico bay cera, ta papia mesora di un 'preso politico' mientras mas bien ta trata di un 'politico preso' loke ta algo totalmente diferente... Sin embargo, un vistazo riba e proceso normal, aki y na Merca, pa yega na un 'search warrant' ta un proceso hudicial cu ta envolve e papel di un huez, cu ta firma pa aproba e busqueda. Y pa por convence un huez no ta cuestion di simplemente bisa huez cu autoridadnan ta 'haya un bon idea' pa haci tal. Ta bastante indicacion mester di por lo menos e probabilidad di un caso di delito cometi y cu e busqueda den e lugar(nan) indica por resulta den mas evidencia importante den e caso. Den dos di e tres casonan envolviendo un ministro a resulta cu ta trata di diezmiles di pagina di doc-

umento, di cual un parti considerable lo tabata riba mesa caba di e huez comisario cu a firma pa e invasionnan hudicial tuma lugar.

Pero tin un aspecto mas cu ta trece e pregunta con esaki ta cerca nos. Esey ta cu vigilancia riba documento di propiedad publico ta mara na legislacion estricto na Merca, mientras cu cerca nos esey ta un parti cu demasiado facil nos ta pone un banda, talvez suponiendo cu e cosnan aki cerca nos ta bon regla. Nos ta duda di esey, y loke a sucede den ultimo transicion di poder administrativo na 2017 na Aruba ta ilustra esey tambe. Segun e gobierno nobo tabatin un desorden completo den Bestuurskantor unda hopi documentacion tabata falta y e respuesta di e gobierno saliente tabata uno di frescura envez di responde na un manera responsable. Te awe ainda e asunto aki no a haya mas atencion, mientras ta importante pa futuro pa evita repeticion di e sucesonan ey. No ta basta pa bisa cu "Nos no ta manera nan", ta importante cu tin un estructura legal administrativo, cu ta duna debido proteccion na e propiedad publico, cu no ta pertenece na ningun politico: bo ta drenta pa haci bo trabao y ta sali cu loke bo a drenta. Nos sa di experiencia, comparti cu varios empleado publico di conducta intachable, cu e comportamiento corecto ta depende grandemente di integridad personal di un funcionario cu mester mancha material confidencial, pero no cu tin un estructura estricto cu ta exige tal conducta, cu consecuencia grave hudicial si no ta cumpli cu esaki. Ultimo añanan a bira keto encuan to e asunto aki, y nos no ta sigur cu tin trabao na caminda pa crea e base legal pa tal sistema di conservacion di documento oficial.

En todo caso, nos por conclui cu for di falta di consecuencia pa esnan cu lo a malmancha informacion oficial, cu sea no tin caso, o no tin legislacion correspondiente riba cual lo mester a basa un caso hudicial. Si e situacion ey keda asina, den e proximo cambio di gobierno lo por sucede e mesun incidente aki, unda e gobierno saliente ta haci bida di e siguiente mas dificil, y den e proceso ta e comunidad ta keda perhudica.

Ademas, nos mester bisa cu en general nos ta mira demasiado poco legislacion riba e tipo di tereno aki bira realidad. Nos gobierno y parlamento ta traha mas tanto riba e leynan cu ta hala atencion y cu ta urgente, pero e trabao dificil di mehora gobernacion a traves di e leynan necesario pa atende e asuntonan menos 'popular' aki, casi semper ta keda benta un banda. Esey tambe mester ta parti di bon gobernacion...

Minister Ursell Arends:

Maneho responsabel pa parkietenbos

Aruba ta un pais moderno, cu un pueblo civilisa y culto. Pero te awe nos ta atende desperdicio manera un pais pover y sin norma. Tur hende ta acepta cu Aruba mester modernisa e maneho di desperdicio.

Esaki ta e vision di minister Arends y awo e ta ser aplica. Cu accion concreto ta pone un fin na forma primitivo di atende cu desperdicio. Dia 22 di augustus proximo ta momento iconico marcando e comienso di redireccion di desperdicio, cuminsando cu e prome tipo cual ta taira.

Durante un stakeholders meeting diaranson anochi 3 di augustus, a splica cu a hiba maneho caminda a acepta perdida structuralmente di parti Serlimar. Esnan cu ta doño di auto, ta doño di taira y ta prome pa yama pa contribui na cubri gastonan di pro-

cesa taira na un forma digno di un pais civilisa. Berdad ta nos a "tira nos mes den pia" for di hopi tempo pasa door di nunca realisa cu kimamento no ta aceptabel y nunca a contribui na cubri e costo berdadero di un taira. Asina aki a causa perdida grandi cu a laga Serlimar wordo desangra.

Parkietenbos y RWZI Bubali ta "ground zero" di nos fayto magestral como pais pa no reconoce e problema, y di no acepta e responsabilidad pa tuma accionnan pa remedia e situacion, y asina zorg pa por procesa nos desperdicio.

Financieramente e lo haci dolor pa Aruba si no cera Parkietenbos pa 31 di december 2022. Moralmente tambe e lo costa Aruba pasobra e dump actual no ta refleha un pais avansa. Den termino di salubridad publico tampoco e situacion actual ta aceptabel,

no solamente pa habitantenan di Parkietenbos pero pa henter pueblo di Aruba. Minister Arends desde principio a indica cu "E problema aki no ta un problema regional, e ta un problema nacional".

E solucion aki ta un cooperacion entre Gobierno y sector priva. Di parti di sector privado compania a bin dilanti cu ya na e momento aki tin e capacidad, infraestructura y permisonan pa procesa taira. Ta trata di Ecotech Freezone y Carentra, kendenan ta mira cu nan participacion ta sostenibel riba un termino largo. E siman aki lo sigui dialoga cu e stakeholders, cuminsando cu esnan cu ta duna servicio di baki di sushi, pa concretisa con lo bai anda awor en adelante cu desperdicio di taira. Y Ootro siman lo sinta atrobe cu e tireshops.

Tambe tin plania pa tene un reunion informativo pa co-

munidad di Aruba unda lo duna presentacion di e vision pa loke ta trata maneho di desperdicio. Mas informacion lo wordo comunica den e simannan binidero.

Minister Arends ta keda remarca cu ningun compania di desperdicio lo ser exclui, ni awo ni den futuro. Lo no permiti faboritismo ni tampoco ningun monopolio den e maneho di desperdicio.

"Na esnan cu kier stigmatiza tur solucion y yama esakinan

pa yerba malo, mi ta bolbe invita nan pa ban tene cos den perspectiva y duna Aruba y Parkietenbos un rosea. Duna e solucion chens pa florece y si bo no ta di acuerdo, comparti bo solucion alternativa, na un forma di dialogo decente. E problema ta bon conoci, awor mester stop di papia y cuminsa ehecuta solucion. Asina mes nos ta keda dispuesto pa scucha tur cu kier brinda solucion", minister Arends ta enfatisa.

Minister Rocco Tjon:

Otro siman lo pone e prome piedra pa Stichting Hunto

Recientemente, Minister di Husticia y Asuntonan Social Rocco Tjon a bishita e sitio caminda ta construyendo e edificio nobo pa loke ta "stichting hunto", un proyecto caminda ta bay uni e dos instancianan esta; FMAA y SPD, pa asina atende mucho mas miho cu varios reto nan den cuadro di salud mental y adiccion.

Durante e bishita aki, a haya un bista di con e trabounan ta avansando y asina ta anuncia cu lo pone e prome piedra pa otro siman diaranson 17 di Augustus, den presencia di colega ministernan, parlamentarionan y profesionalnan den e veld.

Den presupuesto 2022 a tene cuenta cu e proyecto aki caminda tur e fondonan ta bay wordo poni hunto, pa di e forma ey por haci mucho mas cu e recursonan limita cu tin. Door di uni e dos instancianan, e ta percura pa brinda henter comunidad un miho servicio, pero tambe e lo percura pa procesonan ta mas miho alinea na otro pa trata cu e tematicanan di salud mental y adiccion. E tema aki tin e atencion desde inicio di Gabinete Wever-Croes, caminda hunto cu Prome Minister Sra. Evelyn Wever-Croes a ehecuta e Social Crisis Plan, pa atende cu loke ta e lista di espera di salud mental.

Robert Arends: Control riba gasto y calidad di servicio

Si mira con actualmente e “verwijsbrief” entre “zorgverleners” di AZV ta bay - en general - manual pa medio di pashent, nos ta puntra nos mes si den nos mundo moderno, AZV no por introduci un sistema/programa cu ta funciona vía electronico.

Kico ta bentahanan:

- pashent ta stop di fungi como “postbode”;
- especialista ta haya “verwijsbrief” na tempo pa planea

nan trabao ;

- AZV por limita e uso di e programa solamente na “bevoegden” ;
- AZV tin un bista real y concreto di e necesidad di cada “zorg” ;
- AZV por midi e calidad di trabou di cada “zorgverlener”.

Djis algun punto, pero definitivamente tin mucho mas bentaha pa logra cu un programa asina cu no parce di ta complica pa traha o cumpra.

Pa pensa ariba sin miedo pa baha gasto y mehora servicio.

Enseñansa di Aruba tambe cu “nulmeting” manera Corsou?

Cu hopi interes por a sigui e informacion/investigacion (vía TV canal 54) cu ta tumando lugar riba Enseñansa na Corsou.

Aparentemente e relato temporario (voorlopig raport) riba enseñansa di Corsou a/ ta wordo pone riba internet pa tur “Stakeholders” lesa i comenta. “Stakeholders” nan di Aruba por probecha lesa y siña algo? Puntanan mencionan den e programa di TV ta entre otro :

- introduccion di registracion central cerca Gobierno di tur alumno/scol na lugar di o banda di e registracion di e “schoolbestuur” nan ;
- cluster (pone hunto) scol nan cu no tin suficiente alumno pa logra eficiencia y limita gasto ;
- baha e cantidad di “schoolbestuur” nan pa logra baha gasto ;
- bin cu un “schoolbestuur” pa scol nan di Gobierno ?
- etc, etc , etc.

Pregunta : e estudio realisa na Corsou por wordo usa/aplica tambe , completo o parcial, na Aruba o por lo menos por sirbi Aruba pa reorganisa enseñansa di Aruba ?

Pa pensa ariba sin miedo! Skirbi pa Robert Arends

Por chempel cu Capsulanan, bo por laga nan bira un poco mas moli pa medio di pone nan riba un cuchara cu tin awa. Un tablet, bo por corte na mita cu un cuchiu prome of cu un herment special cu por cumpira na botica mes. Tene na cuenta si cu no ta tur tablet por ser parti na mita. Bo no gusta bebe medicina cu awa? Puntra na e botica si bo por tuma esaki conhuntamente cu un cuchara di jam. Tin biaha bo por ingeri e medicina cu un poco yoghurt, lechi of vla. Di e manera aki e medicina ta baha hopi mas facil.

Capsula of tablet tambe por ta mas facil di consumi si bo habri esaki, haci'e mas fini of parti esaki na mita. Sinembargo esaki por disminui e efectividad di e medicina. Semper puntra prome si esaki ta posibel cu bo capsula of tablet! Capsulanan hopi biaha ta dificil pa habri y e smaak di su contenido por ta uno cu no ta agradabel.

Posibel causanan pa problema di guli

Dicon bo tin problema cu e gulimento di medicina? Esaki por ta pa causa di problemanan serio di gulimento of un boca seco. E ta consehabel pa tuma contacto cu e dokter di cas.

Problemanan di guli (dysfagie)

Esaki por pasa pa motibo cu tin problema ora cu pasa for di boca pa e slokdarm of e presencia di un problema den e slokdarm. E causa di esaki por ta e malesa di Parkinsons, un problema den spiernan of ora e slokdarm ta cera y bira mas fini.

Boca seco

Problema cu gulimento por bini tambe pa causa di un boca seco (demasiado tiki scupi). Esaki por ta un efecto secundario di cierto medicinan, manera por chempel remedinan contra depresion manera Amitryptiline.

Un boca seco tambe por ser ta causa di deshidratacion of malesa di Sjögren. Vooral e gulimento di cuminda cu ta seco por pasa cu dificultad. Tambe den e caso aki e ta un bon idea pa tuma contacto cu e dokter di cas.

(AP) - Mirando cu preocupacionnan tocante e efectonan dañino di rednan social riba hobennan ta sigui aumenta, plataformanan di Snapchat na TikTok na Instagram, ta creando funcionnan nobo unda cu nan ta bisa nan servicio lo bira mas safe y apropiado pa cada edad.

Sinembargo e cambionan no ta trata e problema mas grandi, e algoritmo cu ta pu-

sha contenido sin fin cu no ta capta solamente hobennan, sino tur hende, y ta causa un adiccion dañino.

E hermentnan ta ofrece un poco ayudo, manera blokia personanan straño di manda mensahe na muchanan. Pero tambe nan ta trece fayonan profundo, cuminsando cu e hecho cu e hobennan por evadi cierto limite si nan gaña tocante nan edad. E plataforma tambe ta pone e re-

sponsabilidad di implementa cierto cosnan riba e mayornan. Tambe nan ta haci tiki pa revisa cu e material cu e algoritmo ta trece dilanti no lo afecta di manera dañino e hoben su bienestar fisico ni mental.

“E plataformanan aki sa cu nan algoritmo por hopi biaha amplia contenido dañino, y nan no ta tumando e pasonan corecto pa para esaki,” Irene Ly, consehero di privacidad a

bisa na e compania Common Sense Media. Mas hoben ta haci uso di e plataformanan aki, y mientras mas nan haci

uso di esaki, mas ganashi nan ta genera pa e plataforma. Mi no ta kere cu nan tin hopi intencion di cambia esaki.”

Aruba San Nicolas Golf Club, un bunita proyecto, un tremendo oportunidad

Tin diferente manera cu un hoben por pasa su vacacion escolar. 36 hoben di Aruba, Boneiro, Curaçao y miembronan di Church of Jesus Christ of Latter-Day Saints ABC District, a dicidi pa participa den un 'Youth Conference' na Aruba. E conferencia su topico tabata 'sustaining all life on earth'. Nan a ricibi educacion riba e tema aki, nan a debati y intercambia idea con pa proteha nos naturalesa. Tambe e hobennan balente aki a pone nan palabra y educacion den accion mesora door di haci un limpiesa di e tereno di Aruba San Nicolas Golf Course. Nan no a rindi pa 'walk the talk' inmediatamente.

Hunto cu sra. Terry Gumbs mi tabatin e placer pa bishita e grupo di hoben aki na San Nicolas Golf Club. Nos a wordo ricibi door e conocido Bill Buckley, presidente di ABC District sr. Mejia y sr. Perez- Feliz. Mi a haya e

oportunidad pa combersa cu e hobennan tocante e importancia di nan proyecto pa habitantenan di Aruba y nos medio ambiente. Como tambe mi a gradici nan pa nan esfuerso y dedicacion den nan tempo liber. Trabou boluntario ta sumamente importante pe desaroyo di cualkier comunidad. Ta admirabel pa mira cu nos hobennan ta dispuesto pa uza nan vakantie na bienestar di nos pais.

Mientras mi tabata cana riba e tereno di San Nicolas Golf Club mi por a aprecia e inmenso oportunidad cu e luga tin di ofrece. Pa nos hende local un biaha mas por gosa di un golf course pariba di brug, pero tambe oportunidad pa sigui eleva turismo na San Nicolas. Un tremendo oportunidad pa colaboracion entre ministerionan di turismo, deporte y economia.

Palabranan di pabien y masha danki na e 36 hobennan como tambe na nan lidernan pa cu e bunita proyecto aki.

Lider di partido Curpa Eric Ras:

Pa evita un "aanwijzing" gobierno ta sigui sacrifica bienestar di nos pueblo

Nos a drenta luna di Augustus cu hopi reto nos dilanti. Nos por a tende cu tin 16 docente cu a termina nan studio y no tin trabao pa nan. Nos tin informacion cu tin mas maestro ta bandona Aruba pa bay residencia na Hulanda, paso eynan ta wordo miho paga y miho beneficio di trabao. E werksternan for di aña pasa prome cu eleccion a wordo teni na linea pa gana nan voto y pa

despues duna nan un bon schop. Awor gobierno ta laba man y a tira nan den scochi di SKOA. Nos por mira cu nos isla ta wordo goberna manera un galiña sin cabez.

Nos salud mental mester un ayudo urgente y nada ta wordo haci pa trece un cambio. No ta for di awor sino ta for di aña pasa nos di partido Curpa a busca informacion riba e aspecto aki. Nos por a tende cu si Respaldo no haya e finanzas cu nan mester, nan no lo por duna un servicio optimal y nos salud mental lo ta den un problema hopi serio. Gobierno no ta aloca fondo pa salud mental y ta un institucion cu no por negligencia. Esunnan cu mester ricibi ayudo no ta hay'e pa falta di finanzas. For di tempo cu

Aruba a haya su Status Aparte ningun gobierno a haci algo pa e institucion aki. Si no tin fondo e personanan aki lo bay riba caya y e prome yama ta nos cuerpo policial. Nos no mester lubida kico a pasa cu un polis caba. Esaki no ta solamente polis sino henter nos pueblo ta wordo poni den peligro sin cu tin mester. Lamentablemente nos pueblo no por spera un alivio tampoco. Alcontrario nos pueblo lo mester siña aun mas pa hala faha mara paso mas medida ta na caminda. Esaki nos por a conclui despues di a lesa cu nos Prome-Minster ta haci todo por todo pa evita un "aanwijzing". E ta un berguensa pa constata cu nos tin un gobierno cu no ta cumpli cu locual e la bisa. Un gobierno cu ta papia hopi pero ta haci nada. Un gobierno sin

integridad. Esaki ta e gobierno cu ta marca historia di ta e peor gobierno cu nos isla tabata tin. Un gobierno mal bruha. Nos isla ta pasando den un crisis cu un gobierno sin direccion. Nos pueblo lo mester bay tene duro pa locual cu ainda falta paso ta casi sigur cu schoolgeld lo bay aumenta si ta SKOA lo mester bay paga e werksternan. Pa nos di partido Curpa locual ta pasando no ta nada nobo paso un gobierno socialista/comunista locual cu tin e intencion pa destrui su propio pais. Un gobierno cu ta forma parti di metanan di desaroyo sostenibel di United Nations cu tin e obligacion di implementa e agenda 2030. Un agenda cu riba papel ta musta bunita, pero den realidad ta destruccion di un pais. E agenda 2030 ta bin di

elite nan mundial cu ta scondi cu kier bin cu un gobierno mundial pa asina goberna nos tur. Rond di mundo nan sa di infiltra nan alumnonan den gobiernonan y ta lobo bisti den trahe di carne cu awor kier saca na huñanan. Nan no tin amor pa pueblo. Gobiernonan manera Canada, Francia, Italia, Austria, Spaña, Hulanda y Australia ta alumnonan di e World Economic Forum. Busca e significado di e great reset. E lema di e forum ecomico mundial: lo bo no tin nada y lo bo ta feliz. Pronto nan ta bin cu bo no mag tin auto mas paso a nan kier goberna bo bida. Nos gobierno di Aruba tambe ta afilia cu e organisacion aki y p'esey nos mester habri nos wowo y mira e realidad.

Partido MEP:

E vision di energia di Mike Eman y Mike de Meza

Manda e companianan estatal bancarota pa crea imagen internacional di Mike Eman. Mike Eman durante su gobernacion, a maneha cu un prioridad pa crea un imagen internacional pa su mes, gastando miyones di nos pueblo. Pero e unico imagen cu Mike Eman a crea pa su mes ta e imagen di un prome minister fracasa cu a hiba un maneho financiero bastante irresponsabel gastando miyones di fondo publico na su vision di energia cu nunca a mira luz di dia. Partido AVP awe ta cuestiona ahuste di tarifanan di awa y coriente mientras cu e partido berde nunca a tene cuenta cu placa di pueblo durante nan gobernacion di

disaster y mas ainda, cu e vision di energia biyonario cu Eman tabata tin den su cabes, solamente nan a logra subi tarifa di awa y coriente.

Por menciona tambe, cu esaki tabata den tempo di bonanza. Kiermeen cu no tabata tin pandemia y niun otro crisis mundial. Y esaki ta e motibo berdadero cu Aruba no por a wanta un sla asina grandi di Covid. E berdad ta, cu si Eman a maneha fondo publico cu mas responsabilidad, Aruba lo tabata mas fuerte para ora cu pandemia a dal nos. Eman y su Partido, e partido berdadero di friends, family y prensa cumpra, a gasta riba cosnan inecesario dunando ningun prioridad na futuro financiero di nos pais

mucho menos na baha tarifa di awa y coriente.

Prioridadnan robes di AVP na friends, family y prensa cumpra:

GREEN CONFERENCE:
A uza e companianan WEB y Elmar, Utilities pa sponsor tur conferencia cu e unico meta pa crea un imagen internacionalmente di Mike Eman. A paga na 2010 un orador Al Gore, 350 mil dollar. E companianan no por a wanta tur e gastonan aki mas y mester a hisa e tarifanan, esaki sin un guerra, sin un pandemia mundial sino solamente pa derocha placa di pueblo na un individual friends & family di AVP, Mike Eman.

WUBBO OCKELS:
Mike Eman a cera un contrato di 250.000 Euro cu friend di AVP, Wubbo Ockels pa e nabega cu su 'Eco Ship Ecolution' di Scheveningen pa Aruba. A monta un otro show y gaña pueblo y mundo cu e ta trahando riba un vision di energia. Un vision fracasa y gastando placa di pueblo. Un vision cu nunca a mira resultado. Pio ainda, unda cu nunca a logra baha tarifa di awa y coriente pa e pueblo cu a vota pe.

LEASE 2 AVION PRIVA PA

VENEZUELA:
50.000 mil florin a costa cada avion unda Utilities NV a paga uno y e di dos a ser paga cu fondonan di RDA. friends, family y prensa cumpra di AVP a biaha pa Venezuela pa firma un contrato pa habri refineria cu a keda scondi. Mike Eman y Mike de Meza a tira 3 fiesta asta uno cu e artista international destra gastando miyones di placa di pueblo y nunca a logra habri e refineria.

EUROPE MEETS AMERICA:
Un gastamento sin fin di placa di pueblo na biahenan pa sigui traha riba e imagen di Mike Eman internacionalmente unda asta e friend di AVP, Kiko GOMEZ, amigonan di mafia y corrupcion, tabata wordo brasa pa gobierno di Mike Eman.

BUKI MIKE EMAN 'Visie, passie en lef':
Mike Eman tabata kier a crea un imagen cu placa di pueblo unda tabata paga friend di AVP, Rene Zwart of Zwart & Partners, 100.000,- Euro pa cada exemplaar pa muestra su vision di mentira y fantasia cu e tabata creando pa Aruba. Un vision cu nunca a mira luz di mision y mucho menos di ehecusion.

TNO:
Pa sigui cu e show cu Mike Eman a crea pa su imagen, nan tawata huur Italiestraat 46, friends & family di AVP, na AWG.16.545,30 pa luna, Alaves tawata huur 3 auto pa TNO cu pago di gasoline. Gastonan di deskundige advies cu tabata yega na sumanan di Afl.1.260.00, campaña di mercadeo na Afl.378.000,-. Tur esaki sin un resultado na beneficio di nos pueblo, un gastamento di placa di nos pais y nunca a logra baha prijs di awa y coriente pa e pueblo.

Awe, Mike Eman, Mike de Meza y AVP kier cuestiona ahuste di tarifanan di Utilidad unda cu mundialmente tin un crisis di energia crea pa un guerra na Ukraine. Segun Mike, nan si tawata tin un vision, un vision den tempo di bonanza. Pero un vision cu a manda Aruba casi bancarota pa asina crea un imagen falso di nan lider di partido, Mike Eman.

Awe Partido MEP ta recorda bo ta con nan vision a costa nos pueblo miyones. E unico meta cu Mike Eman tabata tin cu su vision di energia tabata pa uza companianan estatal pa crea su imagen internacional y manda nan bancarota.

Parlamentario Alvin Molina (MEP):

Exito na Ramon Arnhem

Otro siman Cuerpo Policial di Aruba lo conoce su hefe nobo. Di un banda ta un lastima cu atrobe a haya necesario pa busca un hende di afo pa lidera KPA. Dimes cu nos lo desea pa tin nos hendenan local na timon di nos departamentonan gubernamental. Pa un of otro motibo e 'selectiecommissie' cu tabata encarga pa busca nos siguiente altocomisario no a logra haya e persona capacita na Aruba mes. Di otro banda esaki ta un oportunidad pa reenforza e scarsedad na lider cu tin den top di KPA. Pa 3 aña Hulanda lo aporta cu un 'korpchef' y algun miembro di staf. Sigur algo positivo cu e landspakket ta provee.

Loke ta mas cu claro ta cu KPA tin mester di un mando policial fuerte pa yuda nos cuerpo progresar, pa evita cu e barco cu ya caba ta rand rand di awa desaparece por completo. Danki Dios, nos ta bendiciona cu polisnan y cu 'burgerpersoneel' cu te ainda tin e pasion pa nan trabou y e gana di sirbi pueblo di Aruba. Te ainda nos por gosa di un bida relativamente safe y nos por mercadea Aruba como un destinacion sigur pa nos turistanan. Pero nos no mester tuma e seguridad ey 'for granted'. E ta algo hopi debil y como pais nos ta ripara cu lastimamente tin hopi cos ta pasando cu nos no por acepta. Pa por recupera

e sentimento di seguridad, ta sumamente importante pa keda inverti den comunidad

en general pero sigur tambe den nos departamentonan cu ta percura pa e seguridad.

Ramon Arnhem tin su educacion y su experiencia como hefe di polis na Hulanda. E no conoce nos organisacionnan tampoco nos cultura cu sigur lo trece su retonan pe. Esaki por significa si cu e tin un bista imparcial y limpi cu por yud'e mira e 'bigger picture' y formula un vision 'out of the box'. Sigur mi lo invit'e pronto pa e presenta su vision na Parlamento di Aruba. Nan kiermen e parce e actor Idris Elba. Wel, si e bira mesun exitoso cu su dubbelganger, sigur nos lo por gradici'e pa su 'input' aki 3 aña.

Den un respuesta anterior, Schiphol a referi na e aerolinea tocante e figuranan aki. “Ekipahe ta ser entrega back

na su doño constantemente, sinembargo otro ekipahenan tambe ta ser agrega. Nos ta yuda aerolineanan y

nan empleadonan resolve e problema. Nos ta haci esaki pa medio di haci nos mesun hendenan disponibel pa cada

energia lo paga mas o menos 3,700 euro mas anualmente compara cu aña pasa, segun [energievergelijk.nl](https://www.energievergelijk.nl).

Consehero di presupuesto Nibud ta adverti cu e prijs halto di energia lo pone mas hogar den dificultad. Luna pasa, mas o menos un tercer parti di hogarnan a lucha pa cubri gastonan. “Algun mester recorta nan gasto, sinembargo tin un grupo cu no por cubri gasto ni mas cu nan purba di mancha nan placa,”

director di Nibud Arjan Vliegthart a bisa na Nieuwsuur, y esaki “ta preocupante.”

E ta guia mi den caminda drechi fiel na su number.

Iranian operative charged in plot to murder John Bolton

(AP) — An Iranian operative has been charged in a plot to murder former U.S. national security adviser John Bolton in presumed retaliation for a U.S. airstrike that killed the country's most powerful general, offering \$300,000 to "eliminate" the Trump administration official, the Justice Department said Wednesday.

Shahram Poursafi, identified by U.S. officials as a member of Iran's paramilitary Revolutionary Guard, is currently wanted by the FBI on charges related to the murder-for-hire plot.

Prosecutors say the scheme unfolded more than a year after Qassem Soleimani, the head of the Revolutionary Guard's elite Quds Force and an architect of Tehran's proxy wars in the Middle East, was killed in a targeted airstrike as he traveled from Baghdad's international airport in January 2020. After the strike, Bolton, who by then had left his White House post, tweeted, "Hope this is the first step to regime change in Tehran."

The FBI believes that Poursafi was acting on behalf of the Revolutionary Guard when he sought

to have Bolton killed, according to an affidavit unsealed Wednesday. Law enforcement officials located photographs of him in fatigues and with posters of Iran and Soleimani in the background to back up their allegation that he is a uniformed Revolutionary Guard member.

The Justice Department traces the plot to the fall of 2021, when Poursafi, an Iranian citizen who officials say has never visited the United States, asked an unidentified person he met through social media and who was living in the U.S. to take photographs of Bolton for a book he said he was writing.

The person introduced Poursafi to an associate who could take the requested photos and videos. After the two connected, Poursafi encouraged that person, who was actually a confidential source working with the FBI, to hire someone to kill Bolton and offered to pay \$300,000 for the job. Poursafi told the person that he wanted "the guy" to be purged or eliminated.

Poursafi provided the person with Bolton's office address, including the name and contact information for someone who worked in the office, and took screenshots of surveillance photographs of Bolton's office, the FBI affidavit says.

In 2011, for instance, the FBI and Justice Department revealed a disrupted plot engineered by the Iranian government to assassinate the Saudi ambassador to the U.S. while the ambassador was in the U.S.

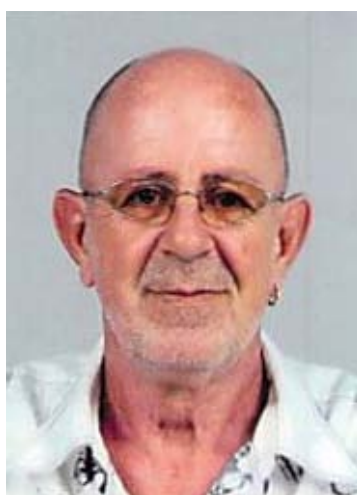

In his own statement, Bolton thanked the FBI and Justice Department for their work in developing the case and the Secret Service for providing protection.

Iran's mission to the United Nations did not immediately respond to request for comment. The unsealing of the complaint comes two days after negotiators seeking to revive the Iran nuclear accord in Vienna closed on a "final text" of an agreement, with parties now consulting in their capitals on whether to agree to it. The 2015 deal granted Iran sanctions relief in exchange for tight curbs on its atomic program. Since the U.S. withdrew from the agreement under President Donald Trump, Iran has sped up its nuclear enrichment program. Bolton has been among the most hawkish critics of the deal and efforts by the Biden administration to rejoin it.

Trump says he took the Fifth in New York civil investigation

(AP) — Donald Trump invoked his Fifth Amendment protection against self-incrimination as he testified under oath Wednesday in the New York attorney general's long-running civil investigation into his business dealings, the former president said in a statement.

About an hour after arriving at Attorney General Letitia James' Manhattan offices, Trump announced that he "declined to answer the questions under the rights and privileges afforded to every citizen under the United States Constitution."

"I once asked, 'If you're innocent, why are you taking the Fifth Amendment?' Now I know the answer to that question," the statement said. "When your family, your company, and all the people in your orbit have become the targets of an unfounded politically motivated Witch Hunt supported by lawyers, prosecutors and the Fake News Media, you have no choice."

During more than six hours at the office building, Trump used Truth Social, the social media platform he founded, to review the decor — "very plush, beautiful and expensive" — and to suggest the

attorney general was squandering time investigating him instead of attending to crime in New York.

But after leaving around 3:30 p.m., he described the encounter as "very professional" and added a plug for his "fantastic" company.

As vociferous as Trump has been in defending himself in written statements and on the rally stage, legal experts said answering questions in a deposition was risky because anything he said could potentially be used against

him in a parallel criminal investigation by the Manhattan district attorney. The Fifth Amendment protects people from being compelled to be witnesses against themselves in a criminal case.

Also, if the attorney general's investigation leads to a civil case against Trump and it went to trial, jurors could be told that he invoked his protection against self-incrimination.

New York University law professor Stephen Gillers said he was surprised that

Trump had done so, given his previous experience with depositions, a legal term for sworn testimony that's not given in court.

"Jousting with lawyers at depositions, while avoiding lying, is something he's proud of," Gillers said. "Perhaps his lawyers feared that his impetuosity would imperil him."

Trump has undergone many depositions, dating to his career as a real estate developer. He has sometimes seemed to relish giving answers: For example, he said he was

"pleased to have had the opportunity to tell my side" last October in a lawsuit brought by protesters who say his security guard roughed them up outside Trump Tower in 2015.

However, Trump invoked the Fifth Amendment to refuse to answer 97 questions in a 1990 divorce deposition.

Messages seeking comment were left with James' office.

Wednesday's events unfolded two days after FBI agents searched Trump's Mar-a-Lago estate in Florida as part of an unrelated federal probe into whether he took classified records when he left the White House.

New York's investigation is led by James, a Democrat who has said in court filings that her office has uncovered "significant" evidence that Trump's company misled lenders and tax authorities about the value of prized assets like golf courses and skyscrapers.

The company, the Trump Organization, even exaggerated the size of Trump's Manhattan penthouse, saying it was nearly three times its actual size — a difference in value of about \$200 million, James' office said.

Biden signs 'burn pits' help for vets; a personal win, too

(AP) — President Joe Biden, whose elder son Beau died of cancer years after deploying to Iraq, signed legislation on Wednesday expanding federal health care services for millions of veterans who served at military bases where toxic smoke billowed from huge "burn pits."

"We owe you," Biden said. "You're the backbone. You're

the steel. You're the sinew. You're the very fiber that makes this country what it is."

The law, which Biden described as long overdue, caps a years-long battle to ensure treatment for chronic illnesses that veterans have blamed on burn pits, which were used to dispose of chemicals, tires, plastics, medical equipment and human waste on military bases. Estimates

of affected troops run to 3.5 million.

"So many of you here today remind us that we have fought for this for so many years," he said during an emotional White House ceremony that reflected the struggles of military families — and the president's personal experience.

Biden was introduced by Danielle Robinson, the widow of Sgt. 1st Class Heath Robinson, who died of cancer two years ago. The legislation is named for him.

She described her late husband as "a soldier as strong as an ox" but also "the ultimate cuddler" for his daughter Brielle, who stood to her mother's side clutching a stuffed figurine wearing military camouflage.

"Ours is just one story,"

Danielle Robinson said. "So many military families have had to fight this terrible emotional battle. So many veterans are still battling burn pit illnesses today."

After the Robinsons took their seats for the president's remarks, Biden addressed Brielle directly.

"I know you miss your daddy. But he's with you all the time," he said. "He's inside you. He's going to whisper in your ear when you have hard decisions to make."

Then he pointed out that Brielle was sitting next to his grandson, the son of Beau Biden.

"His daddy lost to the same burn pits," Biden said. "He knows what you're going through."

It was the most direct link the

president has publicly drawn between Beau's fatal brain cancer and burn pits. The president made addressing the problem one of his priorities during his State of the Union address in March.

"I was going to get this done, come hell or high water," he said Wednesday.

Sen. Jon Tester, D-Mont., who chairs the Senate Committee on Veterans' Affairs, said Biden was a driving force behind the legislation, which passed last week.

"He was continually pushing because whether Beau died of this or not, I think Joe thinks that it had some impact, and so he wanted this fixed," Tester said. "And because he thinks it was the right thing to do. So different president, different set of priorities, this would have probably never happened."

Grand jury declines to indict woman in Emmett Till killing

(AP) — A Mississippi grand jury has declined to indict the white woman whose accusation set off the lynching of Black teenager Emmett Till nearly 70 years ago, most likely closing the case that shocked a nation and galvanized the modern civil rights movement.

After hearing more than seven hours of testimony from investigators and witnesses, a Leflore County grand jury last week determined there was insufficient evidence to indict Carolyn Bryant Donham on charges of kidnapping and manslaughter, Leflore County District Attorney Dewayne Richardson said in a news release Tuesday.

The decision comes despite recent revelations about an unserved arrest warrant and the 87-year-old Donham's unpublished memoir.

The Rev. Wheeler Parker, Jr., Emmett Till's cousin and the last living witness to Till's Aug. 28, 1955, abduction, said Tuesday's announcement is "unfortunate, but predictable."

"The prosecutor tried his best, and we appreciate his efforts, but he alone cannot undo hundreds of years of anti-Black systems that guaranteed those who killed Emmett Till would go unpunished, to this day," Parker said in a statement.

"The fact remains that the people who abducted, tortured, and murdered Emmett did so in plain sight, and our American justice system was and continues to be set up in such a way that they could not be brought to justice for their heinous crimes."

Ollie Gordon, another one of Till's cousins, told The Associated Press that some justice had been served in the Till case, despite the grand jury's decision.

"Justice is not always locking somebody up and throwing the keys away," Gordon said. "Ms. Donham has not gone to jail. But in many ways, I don't think she's had a pleasant life. I think each day she wakes up, she has to face the atrocities that have come because of her actions."

A third cousin, Deborah Watts, who leads the Emmett Till Legacy Foundation, said the case is an example of the freedom afforded to white women to escape accountability for making false accusations against Black men.

"She has still escaped any accountability in this case," Watts said. "So the grand jury's decision is disappointing, but we're still going to be calling for justice for Emmett Till. It's not over."

An email and voicemail seeking comment from Donham's son Tom Bryant weren't immediately returned Tuesday.

Lower prices offer Americans slight reprieve from inflation

(AP) — Falling prices for gas, airline tickets and clothes gave Americans a little bit of relief last month, though overall inflation is still running at close to its highest level in four decades.

Consumer prices jumped 8.5% in July compared with a year earlier, the government said Wednesday, down from a 9.1% year-over-year increase in June. On a monthly basis, prices were unchanged from June to July, the first time that has happened after 25 months of increases.

But the reprieve offered no certainty that prices would stay on the decline. Inflation has slowed in the recent past only to re-accelerate in subsequent months. And even if price increases continue to weaken, they are a long way from the Fed's 2% annual target.

"There's good reason to think inflation will continue to slow," said Michael Pugliese, an economist at Wells Fargo. "What I think gets lost in that discussion is, slow by how much?"

Even if it were to fall to 4% — less than half its current

level — Pugliese suggested that the Federal Reserve would need to keep raising interest rates or at least keep them high.

Much of the relief last month was felt by travelers: Hotel room costs fell 2.7% from June to July, airfares nearly 8% and rental car prices a whopping 9.5%. Those price drops followed steep increases in the past year after COVID-19 cases eased and travel rebounded. Airfares are still nearly 30% higher than they were a year ago.

Gas prices dropped from \$5 a gallon, on average, in mid-June to \$4.20 by the end of last month, and were just \$4.01 on Wednesday, according to AAA. Oil prices have also fallen, and cheaper gas will likely pull down inflation this month as well, economists said.

Last month's declines in travel-related prices helped lower core inflation, a measure that excludes the volatile food and energy categories and provides a clearer picture of underlying price trends. Core prices rose just 0.3% from June, the smallest month-to-month increase since March. Compared with a year ago,

core inflation amounted to 5.9% in July, the same year-over-year increase as in June.

All told, the July figures raised hope that inflation may have peaked after more than a year of relentless increases that have strained household finances, soured Americans on the economy, led the Federal Reserve to raise borrowing rates aggressively and diminished President Joe Biden's public approval ratings.

Biden highlighted the flat monthly inflation figure.

"I just want to say a number: zero," he told reporters Wednesday. "Today we received news that our economy had zero percent inflation in the month of July."

Americans are still absorbing bigger price increases than they have in decades. Grocery prices jumped 1.1% in July and are 13% higher than a year ago, the largest year-over-year increase since 1979. Bread prices leaped 2.8% last month, the most in more than two years. Rental and medical care costs rose, though slightly less than in previous months.

At 75, India's Kashmir challenge shifts foreign policy focus

(AP) — For decades, India has tried to thwart Pakistan in a protracted dispute over Kashmir, the achingly beautiful Himalayan territory claimed by both countries but divided between them.

That relentless competition made Pakistan always the focus of New Delhi's foreign policy.

But in the last two years, since a deadly border clash between Indian and Chinese soldiers in Kashmir's Ladakh region, policy makers in New Delhi have been increasingly turning their focus to Beijing, a significant shift in policy as the nation celebrates 75 years of independence.

India's ever-growing economy, which is now vastly larger than Pakistan's, combined with Beijing's increasingly assertive push for influence across Asia, mean that "New Delhi has increasingly grown Beijing-centric," said Lt. Gen. D.S. Hooda, who from 2014 to 2016 headed Indian military's Northern Command, which controls Kashmir, including Ladakh.

Kashmir has suffered insurgencies, lockdowns and political subterfuge since India and Pakistan gained independence from British colonial rule in 1947, and has been at the heart of two of the four wars India has fought with Pakistan and China. The three countries' tense borders meet at the disputed territory, in the world's only three-way

nuclear confrontation.

Starting in the 1960s, India was an active member of the Non-Aligned Movement, a grouping of over 100 countries that theoretically did not align with any major power during the Cold War. Despite disputes with neighboring Pakistan and China, India's nonaligned stance remained a bedrock of its foreign policy, with its diplomats focused mainly on upending Pakistan's claim to Kashmir.

"Kashmir was in a way central to our foreign policy concerns," said Kanwal Sibal, a career diplomat who was India's foreign secretary in 2002-2003.

But the current military standoff between India and China over their disputed border in Ladakh set off a grave escalation in tensions between the two Asian giants. Despite 17 rounds of diplomatic and military talks, the tense standoff continues.

For decades, India believed China did not represent a military threat, said Hooda, the former military commander. But that calculus changed in mid-2020 when a clash high in Karakoram mountains in Ladakh's Galwan Valley set off the military tensions.

"Galwan represents a strategic inflection point," said Constantino Xavier, a fellow at the Centre for Social and Economic Progress, a New Delhi-based policy group. It

"helped create a new Indian consensus about the need to reset the entire relationship with China, and not just solve the boundary issue."

Soldiers from the two sides fought a medieval-style battle with stones, fists and clubs, leaving at least 20 Indian and four Chinese soldiers dead.

The fighting came a year after Indian Prime Minister Narendra Modi's Hindu nationalist-led government stripped Kashmir of its statehood, scrapped its semi-autonomy, and clamped down on local politicians, journalists and communications.

The government also split the Muslim-majority region into two federally administered territories — Ladakh and Jammu-Kashmir — and ended inherited protections on land and jobs.

The government insisted the moves involved only administrative changes, part of a long-held Hindu nationalist pledge to assimilate overwhelmingly Muslim Kashmir into the country.

Pakistan reacted with fury to India's changes, asserting that Kashmir was an international dispute and any unilateral change in its status was a violation of international law and U.N. resolutions on the region.

But the main diplomatic challenge to New Delhi's moves in Kashmir came from an unexpected rival: China.

China appears to wind down threatening wargames near Taiwan

(AP) — China on Wednesday repeated military threats against Taiwan while appearing to wind down wargames near the self-governing island it claims as its own territory that have raised tensions between the two sides to their highest level in years.

The message in a lengthy policy statement issued by the Cabinet's Taiwan Affairs Office and its news department followed almost a week of missile firings and incursions into Taiwanese waters and airspace by Chinese warships and air force planes.

The actions disrupted flights and shipping in a region crucial to global supply chains, prompting strong condemnation from the U.S., Japan and others.

An English-language version of the Chinese statement said Beijing would "work with the greatest sincerity and exert our utmost efforts to achieve peaceful reunification."

"But we will not renounce the use of force, and we reserve the option of taking all necessary measures. This is to guard against external interference and all separatist activities," it said.

"We will always be ready to respond with the use of force or other necessary means to interference by external forces or radical action by separatist elements. Our ultimate goal is to ensure the prospects of China's peaceful reunification and advance this process," it said.

China says its threatening moves were prompted by a visit to Taiwan last week by U.S. House Speaker Nancy Pelosi, but Taiwan

says such visits are routine and that China used her trip merely as a pretext to up its threats.

In an additional response to Pelosi's visit, China said it was cutting off dialogue on issues from maritime security to climate change with the U.S., Taiwan's chief military and political backer.

Taiwan's foreign minister warned Tuesday that the Chinese military drills reflect ambitions to control large swaths of the western Pacific, while Taipei conducted its own exercises to underscore its readiness to defend itself.

Beijing's strategy would include controlling the East and South China seas via the Taiwan Strait and imposing a blockade to prevent the U.S. and its allies from aiding Taiwan in the event of an attack, Joseph Wu told a news conference in Taipei.

Beijing extended the ongoing exercises without announcing when they would end, although they appeared to have run their course for the time being.

China's Defense Ministry and its Eastern Theater Command both issued statements saying the exercises had achieved their targets of sending a warning to those favoring Taiwan's formal independence and their foreign backers.

Taiwan President Tsai Ing-wen and her Democratic Progressive Party administration are "pushing Taiwan into the abyss of disaster and sooner or later will be nailed to the pillar of historical shame!" Defense Ministry spokesperson Col. Tan Kefei was quoted as saying in a statement on the ministry's website.

EU to stop Greek budget watch in formal end to major crisis

(AP) — The European Union's budget watchdog announced Wednesday that it is winding up years of surveillance of Greek government spending. The move marks a formal end to a major crisis that threatened to see Greece ejected from the euro single currency group, imposed severe hardship on its citizens and roiled global financial markets.

The European Commission, which supervises the budgets of the 27 EU member countries, said it will end its "enhanced surveillance" program on Aug. 20, noting that "Greece has delivered on the bulk of the policy commitments" made to its partners in the 19-country euro area.

Greece was granted billions of euros in three successive bailouts after 2010, when Athens lost access to international bond markets after admitting it had misreported key financial data. Greece's debt ballooned to about 180% of Gross Domestic Product. Two of the financial bailouts ultimately failed to improve things enough, although creditors in the euro group

demand — and received — deep economic reforms that hammered citizens with austerity policies, including repeated tax hikes and pension cuts. Poverty and unemployment skyrocketed, and at one point about a quarter of the workforce was jobless.

In 2015, the leftist prime minister at the time, Alexis Tsipras, put his country's membership of the euro area

and, ultimately, the EU on the line by calling a referendum on whether Athens should accept the terms imposed on it by creditors, led by Germany. Voters rejected the terms, but the government then proceeded to impose draconian creditor-demanded conditions anyway.

But on Wednesday, the EU commission said that now "as a result of Greece's ef-

orts, the resilience of the Greek economy has substantially improved and the risks of spill-over effects on the Euro area economy have diminished significantly." "Maintaining Greece under enhanced surveillance is no longer justified," it said.

The Greek financial crisis was a major test for the EU and provided proof, if any were needed, that bailing out

a bigger economy, like debt-ridden Italy, would probably exceed the means that even a united Europe can muster.

"With this development, along with the premature repayment of the International Monetary Fund loans and the lifting of capital restrictions, a difficult chapter for our nation ends after 12 years," Greek Finance Minister Christos Staikouras said in response to a Commission letter confirming the enhanced surveillance would end.

"Greece is returning to European normality and stops being an exception in the eurozone," Staikouras said. "This achievement is the fruit and the recognition of the great sacrifices of Greek society, of the government's fiscal policies but also of its broader reforms," he added.

Staikouras said that ending the enhanced surveillance the economy was under reinforces Greece's position in international markets, boosts the country's development and ability to attract investments and grants greater freedom in the management of fiscal policy, within the regulations applying to all EU members.

London kids to be offered polio shot after more virus found

(AP) — Children ages 1-9 in London were made eligible for booster doses of a polio vaccine Wednesday after British health authorities reported finding evidence the virus has spread in multiple areas of the city but found no cases of the paralytic disease in people.

Britain's Health Security Agency said it detected viruses derived from the oral polio vaccine in the sewage water of eight London boroughs. The agency's analysis of the virus samples suggested "transmission has gone beyond a close network of a few individuals."

The agency said it had not located anyone infected with the virus and that the risk to the wider population was low. The decision to offer young children boosters was a precaution, it said.

"This will ensure a high level of protection from paralysis and help reduce further spread," the agency said.

The agency said it is also expanding surveillance of sewage water to at least another 25 sites in London and nationally.

Most people across Britain are vaccinated against polio in childhood. According to the World Health Organization, only one in 200 polio

infections leads to paralysis; most people don't show any symptoms.

The Health Security Agency said it was working closely with health authorities at the WHO and in the United States and Israel to investigate any links to polio viruses detected in those two countries.

Kathleen O'Reilly, a polio expert at the London School of Hygiene and Tropical Medicine, said the polio virus circulating in London was "genetically related" to recent cases identified in the U.S. and Israel.

"Further investigation is

needed to fully understand how they are connected, but it does illustrate that this virus has the potential to cause disease," O'Reilly said in a statement.

Polio is a disease often spread in water that mostly affects children under 5. It has mostly been wiped out from developed countries, but outbreaks remain in Pakistan, Afghanistan and parts of Africa.

Initial symptoms include fever, fatigue, headache, vomiting, and muscle stiffness. Among people paralyzed by the disease, death can occur in up to 10% of cases when their breathing muscles become paralyzed.

In rare cases, the live virus contained in the oral polio vaccine used in the global effort to eradicate the disease can mutate into new forms potent enough to trigger new outbreaks. The vaccination booster effort in London will use injected polio vaccines that do not carry that risk.

Brazil soccer body rejects WCup qualifier against Argentina

(AP) — Brazil insisted that it won't play its suspended World Cup qualifying match against Argentina next month, arguing Wednesday that the risks are too high ahead of the tournament in Qatar.

The qualifier nearly one year ago in Sao Paulo was stopped by local health officials after six minutes due to COVID-19 protocols regarding four Argentinian players.

FIFA fined the soccer bodies of both countries and demanded the match be played. Brazil's confederation and Argentina's federation took the case to the Court for Arbitration of Sport, which is expected to rule later in August. The game would be in September but FIFA has not

set a date. Brazil coach Tite does not want to play the

match due to risks of injuries, suspensions and a potential

boycott by the Argentinians, according to Brazilian con-

federation president Ednaldo Rodrigues.

Brazilian media has reported the Selecao would rather play two friendlies in Europe. "We will reach out to FIFA so this match is not played. I will make every effort to answer to the request of our coaching staff," Rodrigues said in a statement. "Our priority is to win the World Cup in Qatar. If that match is not recommended by the coaching staff of the Selecao, we will work for it not to be played." Brazil and Argentina qualified regardless of that suspended encounter's result.

In Qatar, Brazil is in Group G with Serbia, Switzerland and Cameroon. Argentina is in Group C with Mexico, Poland and Saudi Arabia.

Serena's Legacy: Plenty of wins, plenty of stands on issues

(AP) — A couple of days before Serena Williams claimed the 22nd of her 23 Grand Slam singles titles at Wimbledon in 2016, she was asked what she makes of it when people refer to her as one of history's greatest female athletes.

Her reply: She prefers being characterized as "one of the greatest athletes of all time."

That one, brief response from Williams said quite a lot — about her one-of-a-kind talent with a racket in hand, about her status as an icon, about her willingness to stand up for herself, about why women's sports should not be thought of any differently than men's sports.

That all came to mind again Tuesday, when Williams indicated she is preparing to walk away from her professional tennis career as the start of the U.S. Open approaches on Aug. 29 and her 41st birthday next month nears.

Yes, with shouts of "Come on!" marking the journey, she's won the most major singles championships in the professional era of tennis, which began in 1968; more than the 22 for Steffi Graf or Rafael Nadal, more than the 21 for Novak Djokovic, more than the 20 for Roger Federer, more than the 18 for Chris Evert or Martina Navratilova, more than any-

one else. And, yes, Williams won a total of 73 tour-level singles titles and spent more than six years' worth of weeks ranked No. 1. And she combined with older sister Venus to claim 14 Grand Slam women's doubles titles. And then there are the four Olympic gold medals. And so on. And so on.

Still, mere numbers can't capture everything Williams has represented during a distinguished career that began when she was a teenager in the 1990s and is remarkable for not just the successes but also the longevity, including a record 10 major championships after turning 30.

"She's lasted longer than most, if not all, female tennis pros. She's transcended tennis and become a leader on many important cultural, social and gender issues. She has lived an extraordinary life," Evert wrote in a text message to The Associated Press, "and will undoubtedly continue to crash the glass ceiling in the future."

Indeed, what Williams did without a racket in her hand is rather noteworthy, and extends past the millions in endorsement deals; the flirtations with acting; the interest in fashion design and penchant for bringing the catwalk to the court with body suits and knee-high boots and whatever else she decided to

try; the celebrity and place in pop culture; and, most recently, the work as a venture capitalist ("Seventy-eight% of our portfolio happens to be companies started by women and people of color, because that's who we are," Williams said).

"It is important to take a step back and think about everything that Serena has brought to our sport and what she has accomplished both on and off the court," said Steve Simon, the head of the WTA women's tennis tour. "She is one of the greatest champions, an entrepreneur, a mother, an investor in women's business ventures and an inspiration to women and girls across the world."

Williams spoke out about being Black in her sport — she was the first to win a Grand Slam tournament since Althea Gibson in the 1950s — and in her country. She stayed away from a tournament in California for years after she and her father heard racist taunts there. She talked about being a woman in tennis, about being a woman who dealt with complications in childbirth, about being a mother (her daughter, Olympia, turns 5 on Sept. 1, and Williams wants to have another baby).

She and Venus helped their sport reach a broader audience and helped bring a

broader slice of society into their sport (Coco Gauff, the 18-year-old African-American who was the runner-up at the French Open in May, said Tuesday she plays what she called "a predominantly white sport" because she "saw somebody who looked like me dominating the game").

"I don't particularly like to think about my legacy. I get asked about it a lot, and I never know exactly what to say," Williams wrote in an essay released by Vogue magazine. "But I'd like to think that thanks to opportunities afforded to me, women athletes feel that they can be themselves on the court. They can play with aggression and pump their fists. They can be strong yet beautiful. They can wear what they want and say what they want and kick butt and be proud of it all."

There were, to be sure, moments that she perhaps was not as proud of, confrontations with match officials that

led to getting docked a point or a game in U.S. Open losses to Naomi Osaka and Kim Clijsters — maybe the sorts of episodes she was referring to in her essay when she said: "I've made a lot of mistakes in my career. Mistakes are learning experiences, and I embrace those moments. I'm far from perfect, but I've also taken a lot of criticism, and I'd like to think that I went through some hard times as a professional tennis player so that the next generation could have it easier."

Her serve was a gift, as were the powerful groundstrokes that she and Venus — her opponent in nine all-in-the-family Grand Slam finals — made a permanent part of the game. So, too, was an unbending will and desire to always come out on top, whether the person across the net was Big Sis or anyone else, whether she was trying to win a point during a match or make a point in an interview.

Real Madrid beats Eintracht Frankfurt 2-0 for UEFA Super Cup

(AP) — This time, there were only two goals. David Alaba and Karim Benzema scored in each half for Real Madrid to win the UEFA Super Cup with a 2-0 victory over Eintracht Frankfurt on Wednesday.

Alaba prodded the opener home from close range in the 37th minute when Casemiro cushioned Benzema's header back after a corner. The French star then sealed Madrid's record-equaling fifth Super Cup title in the 65th thanks to an assist from the lively Vinícius Júnior.

It was Benzema's 324th goal for Madrid, overtaking club legend Raúl. Only Cristiano Ronaldo has more after scoring 450 goals for the club between 2009-18.

But the game between the Champions League winners, Madrid, and Europa League champions, Frankfurt, failed to match the spectacle of their previous meeting.

Their only other competitive game was the 1960 European

Cup final, when Alfredo Di Stéfano scored three goals and Ferenc Puskás chipped in with four to give Madrid a 7-3 win and fifth consecutive European crown.

Frankfurt goal-scorer Erwin Stein and teammate Dieter Stinka were in Helsinki for the rematch 62 years later, but it was the 93-year-old José Santamaria — the only remaining Madrid player from that final in Glasgow —

who celebrated another win. The three veterans embraced warmly when they met before kickoff.

Madrid coach Carlo Ancelotti started with his established players, forcing new signings Antonio Rüdiger and Aurelien Tchouameni to watch from the bench.

Frankfurt was keen to make amends for a 6-1 rout at home to Bayern Munich in

the Bundesliga opening game last Friday.

Frankfurt's Jesper Lindström drew a save from Thibault Courtois early on, though the flag went up for offside, giving the Danish midfielder the distinction of being the first in a European club competition to force UEFA's new semi-automated offside technology into action.

Lindström then set up Daichi

Kamada, who was onside before Courtois blocked his effort. They were to be Frankfurt's only real chances.

Vinícius Júnior had Madrid's first big opportunity, but Brazilian compatriot Tuta slid in to deny him.

Frankfurt keeper Kevin Trapp produced a fine save to stop the next Vinícius Júnior effort in the 37th, but Madrid scored from the resultant corner when Benzema and Casemiro combined to give Alaba an easy finish.

Benzema went close shortly afterward as Madrid ended the first half in the ascendancy, and Vinícius Júnior tested Trapp again early in the second.

The Brazilian cut inside to set up Benzema's goal, when the French forward let fly with a direct shot past Trapp.

Comforted by the two-goal cushion, the Spanish champions began turning on the style with intricate passing combinations — albeit without adding to their tally.

Kobe Bryant crash photos lawsuit to be heard by LA jury

(AP) — Kobe Bryant was one of the most photogenic sports figures in Los Angeles, and images of him seen by millions around the world — smiling in victory, grimacing in agony — keep his memory alive.

But some photos of him should never be seen, his widow says, and she's seeking unspecified millions in compensation for snapshots taken of the NBA star's corpse that were circulated after he was killed in a helicopter crash with their daughter and seven others in 2020.

Vanessa Bryant's invasion of privacy trial against the Los Angeles County sheriff's and fire departments began Wednesday in a U.S. District Court just over a mile from where Kobe Bryant played most of his career with the Lakers. A jury was promptly seated in the case, and opening statements were scheduled to start in the afternoon.

Vanessa Bryant claims deputies did not take the photos for investigative purposes

and shared them with firefighters who responded to the crash scene. The lawsuit said a deputy showed the photos to bar patrons, and a

firefighter showed them off-duty colleagues.

"Mrs. Bryant feels ill at the thought that sheriff's depu-

ties, firefighters, and members of the public have gawked at gratuitous images of her deceased husband and child," according to the lawsuit. "She lives in fear that she or her children will one day confront horrific images of their loved ones online."

Kobe Bryant, his 13-year-old daughter Gianna, and other parents and players were flying to a girls basketball tournament when their chartered helicopter crashed in the Calabasas hills west of Los Angeles in fog. Federal safety officials blamed pilot error for the wreck.

Vanessa Bryant has also sued the helicopter charter company and the deceased pilot's estate.

The county has argued that Bryant has suffered emotional distress from the deaths, not the photos, which were ordered deleted by Sheriff Alex Villanueva. They said the photos have never been in the media, on the internet or otherwise publicly disseminated and that the lawsuit is speculative about any

harm she may suffer.

A law prompted by the crash makes it a crime for first responders to take unauthorized photos of deceased people at the scene of an accident or crime.

The county already agreed to pay \$2.5 million to settle a similar case brought by two families whose relatives died in the Jan. 26, 2020, crash. Vanessa Bryant did not settle her case, indicating she is seeking more.

The litigation has at times been ugly.

When the county sought a psychiatric evaluation of Bryant to determine if she suffered emotional distress because of the photos, her lawyers criticized the "scorched-earth discovery tactics" to bully her and other family members of victims to abandon their lawsuits.

The county responded by saying they were sympathetic to Bryant's losses but dismissed her case as a "money grab."
